Pulse Roll Label Product Range

Specialising in the formulation of bespoke products to suit the individual needs of the narrow web market, Pulse Roll Label Products Ltd offer a truly comprehensive range.

UV Flexo Inks

- HD High Definition inks for flexible packaging
- FLEXWRAP inks for shrink sleeves
- UV SCREEN for combination printing

UV Varnishes

- Flexo, screen, coater and duct varnishes in gloss, matt and satin finish to cover a variety of specifications.

Laminating Adhesives

- UV curing products with high bond strength suitable for food and chemical packaging

'Inspira' Speciality Products

- A full range of special effect and chemical indicator inks including fluorescent, luminescent, pearlescent, thermochromic and textured effects.

Waterbased Inks

- Narrow web flexo inks for film, paper and thermal applications
- High speed flexo inks for flexible packaging and synthetic materials

Cationic Products

- A range of coatings and laminating adhesives suitable for the most demanding specifications on synthetic materials
