

# INK WP 10

---

**INK WP 10:** Acrylic water inks and verschnitt for flexographic.  
Formulated for application where medium gloss results are required.

**Substrates:** paper and corrugated cardboard.

**Performance:**

good rub resistance	
good het resistance 120°C face to face	
good water resistance after 24h	
gloss	3
slip	3
alcohol resistance	1
alkali resistance	1
block resistance	4
drying speed	3

**Efficiency :** 130 m<sup>2</sup>/kg

**Reaction (in pH):** 7,8-8.2

**Package:** bucket: 20 kg, 30kg drum: 200kg or IBT 1000kg

**Additions:**

- CA-010558 antifoam max 1%
- CA-00130 wash cleaner
- CA-00185 wax max 6%
- CP-00001 accelerator for ink
- CW-531184 rub resistance wax
- CZ-115414 thickeners of ink max 0.5%

**Thinning:**

- thinner: water (recommended 7%)
- accelerator: ethanol/water (1:1)
- retarder: 84-00186

**Anilox:** ceramic or chromic cylinder

**Storage:** In their original containers, unopened and stored under normal conditions are guaranteed for 12 months. Protect from frost, below 5°C
